REMINDER ON WORLD TEAM TRY OUT QUALIFICATIONS:

The first ISC Standard and ISC JWW runs on Tuesday are designated as the World Team Tryout qualifying runs.

ISC Combined Class Winners Combined scores from ISC Jumpers and Standard classes at the above events will be used to award the Combined ISC Class Award. To be eligible for the Combined ISC Class Award the team must have a minimum of one clean ISC run and a run that has a maximum of 5 course faults (no time faults allowed) for those scores to be used to compute the Combined Score. The Combined Class winner from the 12, 16 and 24 inch height is invited to attend Team Tryouts. They do not need to fulfill the requirement of the 6/6 scores. The team must also send in all the required information with the fees and the entry form and meet all the other basic eligibility noted in this document (including an approved pedigree). The handler at tryouts must be the same handler that won the combined award.

FINAL ROUND RULES:

At the conclusion of the three scheduled ISC runs on Saturday (JWW/STD/STD) there will be a FINAL event. This will be an additional event with at least one contact (TBD) and it's just for fun, honor, and prizes! The top five dogs in each height are eligible to run in the final at the end of the day. ***Preferred and Championship divisions will run together in each height for the Final.*** Eligibility will be determined by the combination of scores from the three previous ISC runs. The five *lowest scoring dogs* at the conclusion of three rounds (time plus faults) will be eligible for the final round. All competitors start with zero points for each ISC run, and faults add points to that starting score of zero.

Scoring is as follows:

STANDARD FAULT: 5 points

REFUSALS/RUNOUTS: 5 points

ELIMINATION/WRONG COURSE: 100 points

ABSENCE: 200 points

TIME: added to the score

The total of time plus faults over three rounds will determine who the finalists are in each height.
